### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Douglas H. Goldhush (Registration No. 33,125) on September 29, 2004.

The application has been amended as follows:

Claims 3, 4, 7, 8, 11 and 12 have been canceled as being drawn to a nonelected invention.

Claims 1, 2, 5, 6, 9 and 10 are allowed based on the prior art.

### **Reasons for Allowance**

The prior art fails to disclose or render obvious the claimed combination including deviation calculating means for calculating a deviation of an output of a controlled object from a predetermined target value; first control input calculating means for calculating a control input to said controlled object for converging the output of said controlled object to said target value in accordance with the calculated deviation based on one modulation algorithm; second control input calculating means for calculating a control
